The mission of the Integrated Student Success Committee is to advance equitable student access, success, and completion at Santa Rosa Junior College through the creation and development of integrated goals. The Committee will provide a platform for collaboration and communication across the District that results in the integration of student success efforts including, but not limited to the programs under the Student Equity & Achievement program (formerly the Student Success and Support Program (SSSP), the Student Equity (SE) Program, and the Basic Skills Initiative (BSI)).

## Integrated Student Success Committee

### 5. SEA Budget Questions (10 min) Li Collier

- For 2021/22 budget, the assumptions are: state allocation increases by 5% (not ongoing COLA), and estimated personnel cost increases by 8%.
- This changes from April/May assumptions that allocation would remain the same and personnel cost would increase by 3%.
- The changes in assumptions should reduce anticipated annual deficit from about \$163K to \$110K, which is covered by carryover.
- Personnel cost still constitute about 95% of total SEA allocation. Significant reductions of personnel and other costs have been made since 2017 when allocations became stagnant without COLA, while personnel costs continue to rise at local level. These efforts include holding vacancies, reorg, and finding other funding sources for positions.
