Summarize your projects' overall goals and/or intentions for students.

The SRJC Student Resource Center is designed to provide a safe space for students facing an erosion of their self-sufficiency. The Student Resource Center is where they can come, without shame, without judgement to talk about the serious barriers they face as they strive to improve their lives through higher education.

The Student Resource Centers approach to intervention, diversion and prevention work together to ensure that students in living in the cycle of poverty, facing crisis and hardship don't stay that way.
